RE: NOTICE OF ERRATA Ironco Enterprises Letter of Concern in the matter of the application of The Solar Alliance for approval of an Adjudication of "Not a Public Service Corporation" Status.

We have discovered a clerical error in the fourth paragraph of our Letter of Concern submitted May 12, 2009. The number of hours of work generated for Ironco under these contracts should be 37,500 hours and not 9,000 as shown. We request the record be changed to reflect this correction.

Thank you
